Heaton Re-Elected To 25th Term

Carl Heaton, head jailer at the Madison county jail and former Granite City postmaster, was re-elected to his 25th one-year term as president of the Labor Temple Association during a meeting of delegates Tuesday evening.

Heaton is undergoing treatment at St. Elizabeth Hospital, where he has been a patient for over a week. The 14 delegates present voted to send flowers to him.

Also re-elected were Emmett Courtway, vice-president, who presided at the meeting; and Edwin Reiske, secretary-treasurer. Roy Logan was renominated to a two-year term as trustee.

The delegates approved replacement of windows on the second and third floors at the front of the building. The wooden frames are to be replaced with aluminum.

Polling Places Found For 24 GC Precincts

Locations have been obtained for all 24 polling places in Granite City township for the April 12 primary election. It was learned today from the office of Township Supervisor Leonard Gram.

Precinct 15 has been changed from the Werner Born residence to the William Kessler residence, 2414 Grand avenue; while Precinct 19 will be at the Richard Fry residence, 2805 Fortune drive; Precinct 21 has been changed to the Petite Beauty shop, 3300 Terrace lane; and Precinct 24 will be at the John Moran residence, 2555 Waterman avenue.

Changes in Precincts 15 and 21 polling places were made because the initial locations were in the homes of precinct committee candidates.

Trades Council Heats Talks By Candidates

Talks by candidates were heard last night by 80 delegates of the Tri-City Trades and Labor Council, AFL-CIO, during a regular meeting at the Labor Temple, and endorsement was voted for Monroe Worthen, candidate for a Granite City school board post. It was announced by Edwin Reiske, president of the council.

Worthen was among the candidates appearing before the council.

Others were Horace Calvo and Mrs. Marilyn Ward, who are running on an Anti-Levee Board Party ticket for the offices of city judge and clerk of the city court, to be elected April 30 in Granite City; Anthony Daly and Ben Staten of Alton, Democratic candidates for state's attorney and coroner in the April 12 primary election; George Moran, delegate to the Democratic national nominating convention; and Democratic levee district candidates — Thomas F. Hennessy, Michael Szwedzik, Thomas McGee, John Kerins and Monroe Flinn.

Reiske said no other endorsements were voted.

Gunshot Victim's Condition Is Good

The condition of Clifford Hamilton, 19, who suffered a gunshot wound in the lower left ribs March 1, is good and he is expected to be released soon from Barnes Hospital, St. Louis, his mother, Mrs. Charles Kelly, told the Press-Record.

Hamilton was found shot in his home at 1923 (rear) Fifth street, Madison by a friend. According to Mrs. Kelly, her son shot himself accidentally while examining a pistol he had recently acquired.

*Last year's levee district tax rate.
The rates are combined here in the way that they affect the majority of people in the four local areas. For persons in different governmental groupings, the rates will vary accordingly.

Long Lake fire district residents should add .084 (an increase of .008 from last year) to the other rates in Nameoki township to determine their total rate. Those in the Miracle Manor-Belleme Place street lighting district should add .10 (up .032 from last year).

Nameoki township residents in the Madison school district should substitute that rate for the Granite City school district rates. Those in the city of Madison should add the city tax rate.

Venice township residents in the Granite City school district should use that district's rate. In all cases, the exact rate can be found by adding the rates of the governmental areas in which each taxpayer resides.

The procedure outlined is merely to enable property owners to determine their new combined tax rate immediately, if they wish to do so; the figures will be supplied to them with their tax bills this year. The total rates will be revised to the extent of any change in the East Side Levee and Sanitary District rate, to be announced later this spring.

Delays On Edwardsville Calls To Be Eliminated

When Edwardsville's dial telephone system goes into operation in about a year, the shortage of connecting phone lines between the Quad-Cities and Edwardsville will be eliminated and all Edwardsville numbers will be changed to a seven-number system, Paul P. Roth, local manager of Southwestern Bell Telephone, announced today.

The seven-number plan will replace the one to four-digit system in use there and also will inaugurate in this vicinity the new telephone numbering plan. "The new plan is being introduced in communities where a major number change is necessary," Roth said. "We have not developed any plans for introducing the new numbering system in communities now using prefix numbers."

The Edwardsville system also will include direct distance dialing, a service to be extended elsewhere in this area in the future. The seven-number system fits the direct distance dialing letter, five-figure system.

Howard Helman Is Jr. Diplomat Finalist

A Granite City high school junior, Howard Helman, 15-year-old son of Mr. and Mrs. Morris Helman, 2630 Cleveland blvd., Shop is one of six finalists in a "junior diplomat" in an areawide contest.

The winner will be given an all-free trip to London during Easter week.

In entering the contest, Helman submitted a statement on diplomacy along with an autobiography. He was notified of his standing by special delivery last night.

The local youth is a member of the student council and debate team at the high school and was a recent national winner of the Future Engineers of America mathematics contest.

From Romulus To Pope Gregory

Present Calendar Has Undergone Many Changes

The history of the calendar, a system of measuring days, weeks and years for civil convenience from ancient times to the present, was the topic of an address by Earl Lee at a meeting of the Granite City Kiwanis Club Monday.

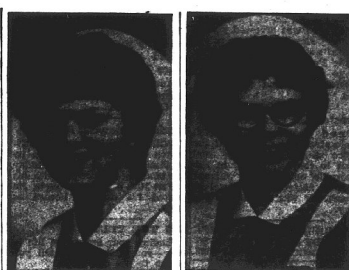

Meeting at the Elks Club, the Kiwanians heard Lee, who is administrative assistant to the Granite City superintendent of schools, describe the "first real calendar" as a system of time measurement developed by Romulus, one of the founders of Rome, in 753 B.C.

Lee said Romulus' calendar was made up of 10 months, with the months we now know as January and February omitted, and July and August called Quintilis (five) and Sextilis (six).

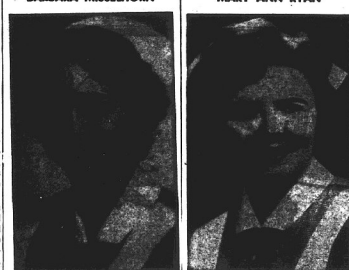

The first calendar was used for only 25 years, Lee said, before the months of January and February were added.

In 46 B.C., the Roman Emperor Julius Caesar discovered the 12-month calendar in use was not accurate, and established a new calendar based on solar calculations. The 12-month system remained, but the emperor added a leap year day, making each year 365 1/4 days.

Emperor's Change Names
And he also changed the month of Quintilis to July, in honor of himself, Lee added. Under the Julian Calendar system, March still remained the first month of the year.

Present Calendar Has Undergone Many Changes

The history of the calendar, a system of measuring days, weeks and years for civil convenience from ancient times to the present, was the topic of an address by Earl Lee at a meeting of the Granite City Kiwanis Club Monday.

Meeting at the Elks Club, the Kiwanians heard Lee, who is administrative assistant to the Granite City superintendent of schools, describe the "first real calendar" as a system of time measurement developed by Romulus, one of the founders of Rome, in 753 B.C.

Lee said Romulus' calendar was made up of 10 months, with the months we now know as January and February omitted, and July and August called Quintilis (five) and Sextilis (six).

The first calendar was used for only 25 years, Lee said, before the months of January and February were added.

In 46 B.C., the Roman Emperor Julius Caesar discovered the 12-month calendar in use was not accurate, and established a new calendar based on solar calculations. The 12-month system remained, but the emperor added a leap year day, making each year 365 1/4 days.

Emperor's Change Names
And he also changed the month of Quintilis to July, in honor of himself, Lee added.

Under the Julian Calendar system, March still remained the first month of the year.

Along came Emperor Augustus Caesar, who kept the same system, but changed the month of Sextilis to August, again in honor of himself, Lee added. The calendar remained un-

changed until 1583, when Pope Gregory set the calendar back 10 days on the theory that even with a leap year day included the system was running ahead of itself. The new calendar was called the Gregorian system, and its most important feature was the changing of January and February to the first and second months of the year.

Adoption Late Coming
The calendar was not universally adopted, however, Lee said. England did not recognize the system until 1752, and China continued under its ancient system until 1929.

Lee said two new plans for alteration of the "common but significant convenience" of the calendar presently exist.

One would divide the year into 13 months of 30 days each, the other would retain the 12-month system, each month to contain 30 days, but with a day to be added each quarter in addition to leap year day.

A little success often turns a man's head, and he faces the wrong direction the rest of his life.

CREAMED EGGS
One half cup (1 stick) butter or six tablespoons flour

Nothing Better For Less
You'll find mouth melting delicious Lent when you plan your menus around versatile and ever so thrifty eggs. Eggs are top quality protein and at present it's hard to find high protein foods for less. Right now, your best egg buy is the grade A large size. One dozen of this size weighs at least one and one-half pounds.

Produce—A Must
Take a little care to see that plenty of protein is included in your menu. These foods are needed daily and it's an advantage to include some in each meal.

Proteins are meat, poultry, fish, milk, cheese and eggs. Next best are soybeans, nuts and dry beans and peas. Combine the latter group with some top rating proteins if you can.

Creamed Eggs
One half cup (1 stick) butter or six tablespoons flour

Delicious creamed eggs are inexpensive meal insurance for Lent. Serve them a top different foods—as suggested in the photograph, for real taste treats.

One quart (4 cups) milk. One and one-half teaspoon salt, about. One-half teaspoon paprika. One-fourth teaspoon ground pepper. One-fourth teaspoon Tabasco. Two teaspoons finely grated onion. Twelve hard-cooked eggs, coarsely cut.

Wet butter or margarine over low heat. Add flour and salt until bubbly. Add milk all at once. Cook, stirring constantly, until uniformly thickened. Add the remaining onion and eggs. Add more milk, if desired. Heat thoroughly. Serve on favorite food such as hot biscuits, rice, spaghetti, noodles, fried noodle basket, mixed vegetable or baked potato. Makes 6 to 8 servings.

***Delightful!—Sprinkle yolks from whites and cut-yolks prefer to be in half. They tend to break up during heating and stirring.**

.Frankfort Stuns Warriors In Double-Overtime

Granite City Eliminated In Upset 64-62, Misses 9 Free Throws; Season Record 26-6

There's an old saying, "He who lives by the sword, dies by it." Granite City's state championship basketball hopes died the way they were born so suddenly two Saturdays ago, via an upset.

After gaining the fancy of basketball fans and observers throughout the state with thundering upsets over Collinsville, Dupon and Pinckneyville, the Warriors were in turn eliminated the same inglorious way by West Frankfort Tuesday night in the East St. Louis super-sectional 64-62 in sudden death double-overtime. Granite City was favored over the Redbirds, who had lost nine of 30 games.

Ironically, the three factors that brought about the Warriors' upsets in the regional and sectional tournaments contributed to their elimination.

Coach Andy Sullivan's team missed more free throws (nine) than in any one game since before the Regional Tourney. After hitting 26 of 32 against Collinsville, 16 of 20 against Dupon and 21 of 27 against Pinckneyville, Granite City connected on 16 of 25 against West Frankfort.

Shooting 58.4 percent, averaging 48.6 from the field in the previous three games, the Warriors hit on only 23 of 61 against the Redbirds for 38.7 percent.

With 6:00 left in the game, the Warriors had a five-point lead after Price's layup, but long Granite City shots and weak defense gave West Frankfort the chance they needed to fight back.

Lead Trimmed

With 3:14 left, the Warriors had a three-point lead and were in good shape to start a semi-stall to draw Redbird fouls. But the ball was stolen after a rebound and Pike made another layup.

Granite City did not lose to a team which played a spotless game. West Frankfort lost the ball five times on traveling violations and three other times on poor passes. Warrior pressing and ball-handling also enabled the ball to be stolen several times.

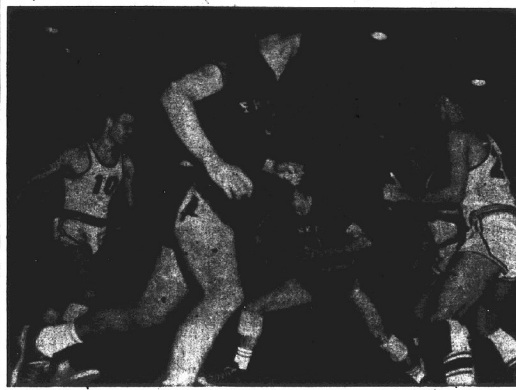

Redbird free throw shooters hit 16 of 23 attempts and could have saved the Warriors from the Redbirds' comeback had they made several tries late in the game.

West Frankfort, it was its third straight sudden-death double-overtime victory. In the Morris sectional, the Redbirds defeated Mounds Douglas and Metropolis by identical 71-69 scores after two overtime periods.

West Frankfort led through most of the game Tuesday until the final quarter. The South Seven Conference winner had a first-quarter lead of six and a third-quarter margin of seven points, but each time Granite City rallied to close the gap.

The Redbirds led 21-19 after the first period, but the score was tied 34-34 at the half. 47-47 after three quarters, 58-58 after four periods and 62-62 after the first overtime.

West Frankfort's comeback was led by the outstanding shooter for the Warriors in this game. In the third quarter, he almost personally brought Granite City back into the game with three long shots from the corner.

PLAYING KEEP-AWAY late in the first overtime period of Tuesday's super-sectional contest, West Frankfort's Bill Monis (with ball) looks for a way out as Warriors Carl Wortham (10), Rich Williams and Frank Knight (24) close in. Redbirds' Bryan Wilkinson is in foreground. The Warriors used a pressing defense during most of the game.

and added another and a tip-in in the final quarter. He ended with 17 points, 13 coming in the last half.

Granite City's back-court duo had rough going against the bigger Redbird team. Williams hit on five of 16 shots from the field and two of four free throws. Price connected on five of 18 shots and three of six free throws.

For West Frankfort, Pike led with 20 points, followed by Wilkinson with 16. Tim Weaver, who had averaged 20 points for the season, fouled out with 5:27 left in the third quarter and had only eight points.

GCSS totals were Wortham 17, Knight 14, Price 13, Williams 12 and Jim Simpson 6. McDowell replaced Simpson when he fouled out in the last quarter.

West Frankfort now will play Galesburg at 9 p. m. Friday in the quarterfinal round of the state tournament. Granite City finished its season with a 26-6 record, the best since 1940, when the Warriors won the state championship with a 29-5 record.

Solukis, Bledsoe Seek NAIA Wrestling Title This Week

Team Captain Jim Bledsoe of Granite City will take an 11-1 record into the NAIA wrestling championships Friday and Saturday as Southern Illinois University's mat squad seeks its first national title at Lock Haven (Pa.) State.

Bledsoe is the only returning letterman from a squad which finished second in the NAIA last season. Whether he will be at top form for the 130-pound class competition is not known, since the Granite City grappler suffered a slight back injury in practice this week, according to Coach Jim Wilkinson.

The Solukis compiled a 6-1-1 dual meet record this season in addition to winning their second straight Interstate Conference title. The lone loss was to Oklahoma State's defending NCAA champs, while the squad was tied by Northwestern University.

FRED P. SCHUMAN
HELEN HOMAN

To the Citizens of Granite City, Illinois

We, as your present City Judge and Clerk, are soliciting your support in the election on April 30, 1960, as candidates on the "All City Party."

Judge Schuman was elected in October of 1957 to fill the unexpired term of a six-year term of the late Judge Wesley Lueders, who was not only respected as a distinguished judge, but as a fine lawyer and gentleman.

A short time after Judge Schuman's election Alvah H. Homan, who served as Clerk of the City Court for 40 years, passed away and Helen Homan was appointed Clerk Pro Tempore of the court and she is the first woman to hold this responsible position since the inception of the City Court.

The City Court was originally planned for the City and its jurisdiction was, until recently, confined to the territorial limits of Granite City. However, through legislative action and Supreme Court interpretation the City Court now has in effect the same jurisdiction as that of the Circuit Court.

The salary of the City Judge is based on population and has been, during my term, \$5600 a year. It will remain as such unless the population of the City is changed by the federal census to 40,000, which cannot be done prior to the election of April 30, 1960. If the population is 40,000, or over, the salary could become \$7000, provided that the rule prohibiting an increase in salary after a term commences does not apply. The City Court, during our term, has handled and disposed of cases equivalent to what one Circuit Judge has done in Madison County who is paid \$15,000 a year, and who at the next election will make \$16,000 or be compared to the salary of City Judge at \$6000.

The Court Reporter in the City Court makes \$20.00 for each day spent in court. While the Court Reporter for the Circuit Judge, and there are three of them in Madison County, received a fixed salary of \$6000, so that a Circuit Court reporter makes \$400 more than that paid to the Judge here.

Since taking over as Judge and Clerk, 700 cases have been filed in this court. A schedule of four jury sittings of two weeks each for each year has been set up. The Circuit Court has been conducted throughout the entire time to dispose of non-jury cases, including divorce cases, etc.

Helen Homan has been married to Alvah H. Homan Jr., for 15 years and lives and resides at 2545 Adams street. Her husband has been a life long resident of Granite City, Illinois and is employed at the American Steel Foundries where he has worked for 21 years. He served his country during the last war in the Sea-Bees for 3 years, and served in the Aleutians and South Pacific. Mrs. Homan formerly worked for 8 years at the Mercantile Mortgage Company as head of the dictaphone and stenographic department. She is a member of the First Presbyterian Church and she and her husband are property owners and taxpayers, and she has been the Clerk of the City Court for the past 2 1/2 years.

Judge Schuman is 50 years of age, and has lived and resided in Granite City, since 1920. He has been practicing his legal profession in this city since 1932. He is married and the father of three children, all of whom were born and raised in Granite City and educated in the schools here. He has represented various municipalities in this area, was Assistant State's Attorney 1940-44, Chief Justice of the County Claims under Governor Adlai Stevenson, 1948-1952, State's Attorney of Madison County, Illinois, 1952-1956 and Judge of the City Court since October of 1957.

He is an active trial lawyer, and has been admitted to practice not only in all the state courts, but also all federal courts, including the United States Supreme Court, and is a member of the State, American, Madison County, and Tri-City Bar Associations.

He has been active in civic affairs, and at the present time is a member of the Granite City Library Board, a member of the Advisory Board of the Salvation Army for 25 years, and has served a number of years as President of said Board. He is also a member of the local lodges of Eagles and Elks.

He has been a property owner, both business and residential and a taxpayer in this community for many years. Because of his experience as a son of a steel worker, and himself working in the steel plants of Granite City, he has a proven friend of labor and knows the problems of the working man through his own personal experiences, professionally and in his capacity as an office holder.

Our promise to you is to continue to maintain the integrity and dignity of the court as we have done in the past. We are willing to run on our record and are willing to submit to you that

"WE ARE QUALIFIED BY EXPERIENCE"

We request your support and assistance in this coming election.

Williams, Walker On All-Southern

ED WALKER

Rich Williams of Granite City and Ed Walker of Madison today were named to the Chicago American's All-Southern Illinois cage squad, nominated by coaches of high schools situated in the southern part of the state.

Walker was one of only two juniors picked for the 22-man squad, and Williams was a repeater from last season. Granite City's Bob Price was listed on the outstanding commendation selections.

Southeastern Conference basketball players who joined Walker and Williams on the first team were Don Brooks of East St. Louis, Bogie Redmon of Collinsville (the second junior selection), Gene "Bud" Vallino of Edwardsville and Mel Patton of Belleville.

Named to the team from schools which Granite City opposed in sectional and super-sectional play were Tim Weaver of West Frankfort and Dave Roach and Ed Eighan of Pinckneyville.

TOURNEY SIGHTS

Announced attendance at the super-sectional game was 4900, 300 more than last Friday's record-breaking crowd for the East St. Louis gym. The turnout was a testimonial to the drawing power of Illinois basketball and the two competing teams. West Frankfort fans had to drive over 100 miles in a snowstorm, knowing that the weather bureau predicted no let-up.

Six radio stations broadcast the game, although only two, KMOX in St. Louis and WJPF in Havana, carried the contest "live." The other stations broadcast the game by tape Wednesday.

"We played a 2-1-2 zone with our guards double-teaming Williams," West Frankfort Coach Ed Green said after the game. "I think we bothered them enough, because I understand this was one of their worst nights from the field."

It was the eighth time Granite City has reached the "sweet" final. The school qualified in 1916 and followed in rapid succession in 1912, 1914, 1915 and 1916. The 1938 team went to the state meet after a 22-year lapse, and the 1940 squad captured the state championship.

"We just didn't play up to par," Granite City Coach Andy Sullivan said. "It hasn't been since the last Collinsville game in the regular season that we shot poorer from the free throw line. We missed ten that night in losing 69-59."

The loss was a severe disappointment to the Granite City boys and many devoted followers of the team. Also were shocked by the unexpected and narrow defeat. Scores of students were in tears after the game.

Green, in his first year as varsity basketball coach, has directed his team to three straight sudden-death overtime victories. When asked about his reaction in the third win, he said, "I did the same as in other games—prayed and crossed my fingers."

"I'm sure glad they (Granite City) picked tonight to have an off-night at the free throw line," Green said. "Although I hadn't seen Granite City before tonight, reports told me that their free throws could kill us."

David Pike of West Frankfort and Frank Knight of Granite City tied for the rebound lead with 14 apiece.

The West Frankfort team, which arrived at the East St. Louis gym in four automobiles, stayed overnight in a hotel rather than drive the long distance back home Tuesday night in the snowstorm.

The direct broadcast of the Granite City-West Frankfort game over radio station KMOX Tuesday evening provided fans who had not been able to get tickets with an opportunity to follow the action anyway. No less than 103 Quad-City merchants, businesses and individuals have agreed to jointly "foot the bill" for the broadcast. Alvin Barnes of the Associated Retailers reported.

Bennington To Speak At Dinner For Teams At GCHS

John Bennington, head basketball coach at St. Louis University, will be the speaker at a banquet honoring Granite City high school sectional champion wrestling and basketball teams at the high school cafeteria Tuesday, April 5, at 6 p. m.

Three hundred tickets, priced at \$2 each, are available for the dinner. It was announced yesterday by Ernest "Pat" Rich, who will be master-of-ceremonies. Rich is one of four sponsors of the dinner. He said tickets are available at Graham's Book store and from fathers of high school athletes.

The wrestling squad finished the season with a 16-1 dual meet record, and the basketball squad compiled a 26-5 season mark.

Bennington's Billikens, playing one of the toughest schedules in the history of the school, compiled a 19-8 season. Bennington has completed his second full season as head basketball coach at the university.

GCHS Procedure Explained

Ticket Competition Hectic, Radio Enables All Fans To Follow Game

The ticket shortage for Tuesday's super-sectional game, attended by a capacity crowd, was caused by a limit of 1400 for Granite City, set by the Illinois High School Association and officials of the host school.

Literally thousands more sought tickets but had to content themselves with listening to the game over Radio Station KMOX, the coverage being arranged by a group of local businessmen.

At press-time Monday, WIL was being contacted, and the switch to the other station took place Monday evening.

Plans, Threats, Rumors
With 2100 tickets sold locally for last week's sectional finale the 1400 limit placed an additional "squeeze" on the high school and it was a hectic week for Principal Lawrence McCauley, who was in charge of the sale. There was no pressure or participation by school board members or the school district administration, it was pointed out.

Season ticket holders — there were only seven — were shown preference Monday and had no trouble obtaining super-sectional tickets.

A similar committee procedure was planned for distribution of 600 state tournament tickets yesterday had the Warriors won Tuesday night. With the defeat, all such tickets were given by the IHSA to West Frankfort high school.

Mud Guard Law Injunction Subject Of Hearing Today

A hearing on an injunction which halted the enforcement of Illinois' controversial truck mud guard law will be held at 3:30 p.m. today in the city court of Granite City.

The temporary injunction, granted to 17 trucking and construction firms in this area on Jan. 30 by City Court Judge Fred P. Schuman, was followed by a petition to strike the injunction, filed by the attorney general's office.

Since the injunction was granted, Illinois state police have not enforced the mud guard law. Enforcement was to have started on Jan. 1 of this year.

The law requires truckers to have attached to their vehicles either the flap or contour type of guard behind rear wheels to prevent the splashing of mud and water on trailing vehicles. One section of the law exempts certain types of vehicles from the law, and leaves to the Illinois state police the interpretation of the law in certain instances. The trucking and construction firms feel this portion of the law is illegally delegated by the state legislature.

Assistant Attorney General Randall Robertson, handling the case for the state here, said his office feels that exemptions in the law do not invalidate the entire law.

Exemptions To Law Exemptions in the law apply to farm vehicles, pole trailers and certain trucks not designed to be fitted with guards. The 17 construction and trucking firms claim their vehicles fall in the latter category.

Many court battles involving the law have been fought since the first mud guard statute was enacted by the state legislature in 1955. The law has been revised several times, and in a separate case the U. S. Supreme Court ruled that the law placed an unreasonable burden upon truckers, so far as interstate commerce was concerned.

The Illinois general assembly enacted a revised mud guard law in 1959, allowing truckers to use either flap or contour guards, the latter usually constructed of metal which follows the contour of the truck tire and does not allow water and mud to be forced out by wind currents when vehicles equipped with this type of guard are moving.

Major John Stuper of the Illinois state police said his troops had orders not to enforce the law pending the outcome of the Granite City hearings.

SCL Filed Tax Suits, Not Individuals

Norbert J. Schenk, chairman of the Southern Illinois League public relations committee, today said it was the SCL, and not individuals, that filed suit against the Missouri state income tax and the St. Louis earnings tax recently in a St. Louis district court.

The suits were filed by Hillary Hallett of Alton and Stanford Mayor of Belleville, both legal representatives of the SCL. Both of the complaints stipulate that the Missouri state income tax and the St. Louis earnings tax are arbitrary, oppressive and unreasonable on their face values and in effect deprive the non-resident of property (monies) without due process of law.

Schenk said officers and attorneys for the league are adding to the complaints, as plaintiffs, all league members' names at the members' written request. Current plaintiffs in the suits have been advised by SCL that (1) not to file tax forms, (2) not to pay the taxes, and (3) to refer any and all Missouri and city of St. Louis documents, questionnaires, process servers, etc., to the league's legal committee chairman (John A. Gant of Granite City).

Pending the decision of the courts in both suits, only the plaintiffs whose names are contained in the complaint are free of tax liabilities to the state of Missouri and St. Louis.

All other Illinois residents who work in St. Louis or Missouri remain liable for one or both tax impositions, Schenk said, and are still subject to arrest, conviction and fines such as those which have been imposed in the past few months.

Local officers and board members of the county chapter are Mrs. Doris Friedman and Dr. J. C. Byers Jr.

Shown in the photo, left to right, Richard Roderick, Charles Peake and Roger Storm, grocery buyers comparing the C. W. label with other top-grade foods. A test has just been run on syrup content of canned peaches. Mr. Pershall developed this brand so that fruits and vegetables offered each year would have a consistently fine flavor and appearance, so that the quality could be controlled. Thru the years, our buyers have been trained to accept only top-grade foods when labeled C. W. Often our buyers have rejected cartons when it was felt that the foods did not meet with specifications of their orders. We suggest that you try the C. William Butler To Undergo Surgery

William C. Butler, 46, of 3120 Aubrey avenue, will undergo surgery Saturday in St. Joseph's Hospital in Alton to remove a cataract over his left eye.

The cataract formed after a piece of steel was removed from Butler's eye in an operation last Saturday. The steel became lodged in his eye during a March 8 accident while at work for the O. F. Heimkamp Ditching and Excavating firm of Wood River.

When results of Saturday's operation are known, the doctor will be able to determine if Butler's sight can be restored, Mrs. Butler said.

Discussion Meeting Held By Madison Club

A "brainstorming" session on expansion of Madison business and residential development was held at yesterday's meeting of the Madison Rotary club. Mike Saupé served as discussion leader, and the members were divided into small groups which held informal discussions and submitted suggestions for study by a committee.

Birthdays of Alex Schenoff and Louis Waggoner were celebrated, and a brief talk was given by Navy Chief Petty Officer Burnett, recruiter for this area.

Three Cars Damaged In Broadway Crash Today

All three cars involved in an accident in the 200 block of Broadway, Venice, at 12:30 a.m. today were damaged to the extent that they were towed from the scene.

All were headed west and two had stopped for a train at the Broadway railroad crossing. The auto of William R. Hawkins, Route Four, Hickman, Ky., slid down and struck the car of Charles Williams, St. Louis, police were told. The Williams car then was thrown against the auto of William H. Strohm, St. Louis.

Boy, 8, With Spinal Meningitis Recovering

Charles Dietrich, eight-year-old son of Mr. and Mrs. Charles Dietrich of 1803 Bremen avenue, who contracted spinal meningitis Friday is "making a speedy recovery" and may be able to return home from St. Louis Children's Hospital by Sunday, his mother said this morning.

"His doctor said today would be the last day for medication," Mrs. Dietrich added, "but that he will be kept in the hospital for observation for another two days."

TAX FACTS

"Creation of the Legislative Audit Commission by the General Assembly in 1957 is paying dividends for the taxpayer," and "Taxpayers' Federation of Illinois said today. Legislation for the creation of this Commission was strongly supported by the Federation as part of its program."

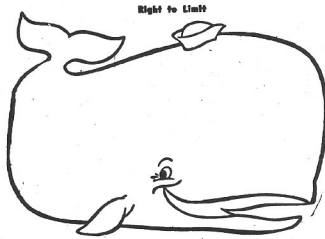

In its third annual report the Commission reviews its worthy objectives and accomplishments. One of its major objectives is the proper handling of the state's revenues, and this involves two broad aspects: (1) assurance that the state receives all money properly due it, and (2) assurance that the state's income is properly accounted for and safeguarded.

For instance, as a result of the audit process, the state of Illinois recovered \$31,408 which had been paid a city in error for airport improvements. In another example, the review of an audit for one agency indicates a lack of compliance with the statutory provisions for handling delinquent accounts receivable. This was discussed with the agency and with cooperation of the state treasurer's office, corrective action was taken immediately.

The Legislative Audit Commission also has insisted that cash receipts of state agencies be recorded and deposited promptly in compliance with the State Finance Act. Several agencies have effected changes in their procedures to comply with statutes in this respect.

Excellent results have been attained by effective communications and interchange of information between state officers and agencies. Among the state departments and agencies cited in the report for such exchange of information are the auditor general, the auditor of public accounts, the state treasurer, the department of finance and the budgetary commission. Such cooperation produces benefits for individual state agencies and the taxpayers.

The present Legislative Audit Commission is as follows: Senators W. Russell Arrington (chairman), Robert E. Cherry (assistant secretary), Richard E. Larson, Fred J. Smith and Arthur W. Sprague (vice chairman); Representatives Clyde L. Choate, George W. Dunn (secretary), Dean McCully, Paul Powell and George P. Statny. Dick E. Var is Executive Director. The Taxpayers' Federation of Illinois is not only proud of its support of this legislative agency, but is also proud of the Commission's accomplishments to date.

Mitchell Kiwanis Find Permanent Meeting Spot

Smith's Dining room will be the permanent meeting place of the Mitchell Kiwanis Club, the group decided at its gathering there Monday night.

The club has been meeting at various spots since the old Smith's Dining Room was torn down before Christmas for a highway project through Mitchell. The drawback to Smith's new place had been the lack of a special meeting room but the club learned Monday that a "Kiwanis Room" will be constructed.

The nine members present also discussed various club projects planned for the coming months with no action being taken.

St. Patrick's Day decorations were used throughout the table appointments. The members presented the hostess with a gift. The meeting was conducted by the president, Mrs. Ozell Walton. Mrs. Kenneth McDaniel, the teacher, prepared the devotional for the evening. Those attending were Mrs. Delores Ayers, Mrs. Gertrude McManaway, Mrs. Mabel Dacus, Mrs. Lillie Ayers, Mrs. Venita Bolin, Mrs. Opal Fogie, Mrs. Jewell Ratliff, Mrs. Osa Cravins, Mrs. Margaret Lee and Mrs. Lucille Yeach.

An election of officers was held, with Mrs. Mattie Bosworth named president, Mrs. Eunice Wilkerson vice-president, Mrs. Dorothy Cramer secretary, Mrs. Bernice Guallef treasurer and Mrs. Annie Laura Platt, Sunday school teacher. Mrs. Catherine Hawkins was named to act as installing officer at the installation April 11 at the church. The members voted a donation for the church building fund during the business session. The meeting closed with the Miraph benediction, and the hostesses served a luncheon from tables decorated in a St. Patrick's theme.

\$250,292,570 Benefits For Illinois Veterans

Veterans and their families in Illinois received a total of \$250,292,570 in cash benefits and services during the fiscal year of 1959. It was announced today at the Chicago regional office of the Veterans Administration. Actual distribution of this sum is outlined in the 1959 Annual Report of the VA, just off the press, and now on sale at the Government Printing Office Washington, D. C.

As the year ended last July 1, Illinois had a total of 1,418,000 veterans, fourth in the nation, behind New York's 2,150,000; Texas' 1,620,000; and Pennsylvania's 1,600,000.

In Illinois, compensation for service-connected disabilities and pension for total permanent non-service connected disabilities were paid to 127,265 living veterans in the amount of \$99,564,556.

Death compensation and pension were paid to dependents of 43,264 deceased veterans in the amount of \$3,340,846.

Certain GI insurance and indemnity payments totaling \$19,554,500 were made to veterans and their beneficiaries.

At the end of fiscal 1959, there were only 91 veterans in the United States who were still in training under the world war II GI Bill. Illinois had two.

However, there were still almost a half million trainees under the Korean GI Bill. In Illinois, some 19,145 trainees received \$24,028,339 in subsistence last year.

The remainder of cash benefits, services and other VA expenditures in Illinois during the year total \$70,944,845.

These cash benefits and services included war orphans' educational allowances, hospitalization, automobiles for certain disabled veterans, wheel chair homes for the seriously disabled, administrative costs and miscellaneous benefits.

Divorce Granted Today

One divorce was granted this morning in city court of Granite City before Judge Fred P. Schuman. Charging extreme and repeated cruelty, Shirley Brazel was divorced from Robert Brazel. The couple was married Sept. 26, 1952 and separated May 22, 1959. The custody of two minor children was awarded the plaintiff by the court.

Farm Column

By TRUMAN W. MAY
Madison County Farm Adviser

A summary of the combined records of the two Madison county dairy herd improvement associations for 1959 has been completed. The average production per cow on test was 10,660 lbs. of milk and 387 lbs. of butterfat. The ten high herds are owned by Waldo B. Keilbach, Arthur Brandenburg, Normal Henke, Eugene Meffert, Har-Old Klenke, Elmer Klenke, Ottwein Bros., Glenn Meffert, Walter Sievers and Clarence Sievers. A summary of D.H.I.A. records for the period 1949-59 was made to determine progress made by herds enrolled. This summary reveals some interesting facts about dairying in Madison county.

Herd size has increased from 18 cows in 1949 to 31 cows in 1959. Noticeable increases in herd size were made in 1954 and 1958. Average production per cow has increased by 830 lbs. of milk and 40 lbs. of butterfat during the 1949-59 period. The average cost of feed per cow was \$163 in 1959. This feed cost figure is the lowest for any year in the 1949-59 period. The average return over feed cost per cow for 1959 was \$291. The return over feed cost per cow during this period was highest in years 1952 and 1953. Returns over feed cost should not be confused with profit per cow, because feed cost is usually considered to be about 50 to 60 percent of the cost of producing milk.

One of the newer things in dairying this year will be Shelby, a variety to be available in quantity for the first time. This variety, developed by the U. S. Regional Soybean Laboratory, has about the same maturity as Shelby. It has been consistently high in yield trials in central and south central Illinois. There is a big place for it in the southern half of the state where farmers want a variety earlier than Clark, which matures a week later than Shelby, is the current king in this area. In Madison county tests it has consistently outyielded all other varieties since it was first grown here in 1953.

Shelby will likely take the acreage now devoted to Adams and Lincoln. Shelby is slightly later than Adams. Madison county farmers who produce certified Shelby seed last year are George Balsters and Sons, Bethalto; Wm. Burns and Son, Granite City; Elmer Jakes, Highland; Arthur Schneider, Trenton and Louis Taylor, Trenton.

Several farmers have reported cases of bloat in beef cattle being fed shelled corn and ground alfalfa hay. Experience does not indicate this combination of feed is especially apt to cause bloat. In fact, it seems that cattle can sometimes bloat on about any kind of ration. However, two farmers in the county have recently lost cattle with severe bloat from shelled corn and ground alfalfa and their question naturally was how the ration might be changed to avoid more bloat.

One suggestion was that they might use half ground ear corn and half shelled corn, which of course would include the cobs in half the corn. An alternative would be to feed 15 percent cobs, 20 percent hay and 65 percent shelled corn.

Times of grinding the hay may also be a factor. Some experimental work indicates that coarsely ground hay will not cause as much bloat as very finely ground.

Pelleted hay and grain sometimes cause bloat, says G. R. Carlisle, livestock specialist, University of Illinois. This has been a problem in some of the western food lots where much pelleted hay is fed, he says. One important thing a cattle feeder can do to help reduce losses is to watch the cattle closely and call a veterinarian for prompt treatment if bloat develops or administer home remedies for milder cases.

We have complete control over how we pay our taxes, cash check or money order, said Mrs. Pearl Johnson, Jerseyville, chairman of the district Farm Bureau women's committee, speaking at a recent Illinois Agricultural Association district meeting at Carrollton.

The heavy snow made a protective blanket for the wheat during the recent cold weather and especially benefitted the late seeded fields. It is the opinion of many wheat growers. It also stopped clover seeding and spreading nitrogen.

If you are sowing some oats this spring, you might try some seed of the Minutier variety. It has done very well in experiments and is recommended for this area.

Welcome New Members

Four new members, attending their first meeting, were welcomed last night by the Fourth Degree of Knights of Columbus, Council 1088, at the K of C Home, 2052 Edison avenue. The welcoming remarks were offered by Rev. Sylvester Miskoc, nineteen members attended.

Illinois municipalities have been allotted \$3,286,680 as their share of motor fuel tax paid into the state treasury during February, the Illinois Department of Finance announced.

Increase in coal consumption in electric power generation amounts to about six-fold growth since 1933, according to Dr. Hubert E. Risser of the Illinois State Geological Survey. It is in this market, Risser said, where the greatest growth in consumption of Illinois coal occurred.

Another increasing market for the state's coal is in the production of metallurgical coke. Dr. Risser, a mineral economist, spoke on the Illinois coal industry last week at Carbon, before the Southern Illinois University Interdisciplinary Faculty Seminar.

The seminar is on industrial development problems and potentials in the Mississippi Valley. Three more counties—Clark, Johnson and Williamson—have been certified as broomfields-free following tests by the Division of Livestock Industry of the Illinois Department of Agriculture. In a report to Gov. William G. Stratton on operation of the department during February, Stillman J. Starnard, director, said this brings to 43 the number of counties now certified broomfields-free.

GI Insurance Dividend Program Explained By VA

Veterans holding GI insurance policies who will and will not share in the regular annual dividend payment of \$233,500,000 during 1960 were identified to day by William E. Keen, manager of the Veterans Administration Regional Office in Chicago.

About 5,073,000 GI policyholders will participate in the 1960 dividends and some \$50,000 will not be eligible, the VA estimated. The participating group includes 4,800,000 National Service Life Insurance (NSLI) policyholders. This insurance originated during world war II and has the letter "V" preceding the policy number.

Also participating are 273,000 world war I policyholders of U.S. Government Life Insurance (USGLI). Their insurance has the letter "K" preceding the policy number.

The \$50,000 policyholders who will not receive dividends in 1960 were identified in four groups as follows:

1. About 683,000 Korean and post-Korean conflict veterans who hold special NSLI policies identified by the letters "RS," "W" or "K" preceding the policy number.
2. A group of 100,000 servicemen who, prior to Jan. 1, 1957, placed their "V" or "K" policies under in-service waiver of premium payments and who have not rescinded those waivers. These policy holders are prohibited by law from participating in dividend payments while under such waiver.

3. Some \$3,000 NSLI and 7000 USGLI policyholders of extended term insurance in the "V" and "K" series who have allowed their permanent policies to lapse. Their policies have been automatically extended by the VA as term policies for a limited time without further premium payments.

4. Approximately 7000 veterans who hold special NSLI policies granted to disabled veterans during world war II. These policies, identified by the letter "F" preceding the policy number are not participating because they are financed by legislative appropriations and are not associated with the NSLI or USGLI insurance funds.

ASKS QUESTION—WHO CAN BE SURE?

To the Forum of the Granite City Press-Record Sir:

This letter is not written in defense of the Press-Record, we believe its editor is more capable to defend his paper than we are, but we feel the harsh words appearing last week in the forum should have been directed towards the electorate of St. Clair and Madison counties instead of the Press-Record. We are fighting dirty politics for years and not only at election time. Can the Press-Record be really sure if we the voters want clean government? Is Mr. Jolly sure that the slate recommended by him will really live up to its oath of office? The fact that the record of Monroe Flinn is beyond reproach is no guarantee that this is true of the other four candidates of his slate. I am not sure but it seems to me the name McCain sounds familiar, has he not in the past been a candidate? I could be mistaken, of course. We are ob-

serving politics in Madison county for thirty years, especially politics of the levee board and believe the best way to get a clean levee board is to support and elect a clean and honest candidate for what he is worth in living up to his oath of office and not what he is worth in dollars and cents to me and my family and friends by putting them on the payroll. By demanding our pound of flesh in return for our vote even before it is cast, we contribute to bad government beyond any doubt. A newspaper, no doubt, can take the lead for clean government but to take the lead means that there has to be an electorate that wants clean government and follows the leader to get it. We have been listening to candidates and promises for many years that we are still going to the polls after so many appointments. Years ago at election time it never failed that these politicians lambasted you in your regular union meets with their promises of milk and honey. We never forget the sight when our good friend the late Kenneth (then an apprentice in politics), was dragging these fellows through the meetings turning them loose on his trusting fellow workers and, after they each said their piece, out he marched them again. Come eddy? Yes, but more tragic than comedy. We also remember when the Ministerial Alliance

Chairman Of Women's Political Group Dies

Chairman of the Madison County Democratic Committee Women, Mrs. Josephine Luby, of Alton, died in St. Anthony's Hospital there at 5 a.m. Wednesday after a long illness.

Mrs. Luby, who is well-known in the Quad-Cities, was elected to a two-year term as president of the organization last June and was also active in many civic groups in Alton. Services will be held in Alton at 9 a.m. Friday.

sent questionnaires to the candidates for sheriff and state's attorney. They promised everything that was good, until they had been in office for a few months, then they were just as bad, if not worse than their predecessors, with the exception of State's Attorney Mudge; can't say anything about him yet, so far he has lived up to his promise. (Knock on wood?) Where am I going to vote as trustee for the levee board? Since the incumbents have to get out (I must), we are going to take a chance on Monroe Flinn and his slate, since we can say only favorable things about him and believe him man enough to make his running mates take a straight course if they try to stray. Should they lose, we promise not to put the blame on the Press-Record, of that we are sure.

Thank you.

JOSEPH KEUENHOFF.

Elaborate Staging, Overture For 'The Red Mill' Operetta

MORE ABOUT New Assessment

(Continued from Page 1)

Venice, Madison Taxing Bodies New assessments of other local governmental districts follow, with the valuation of a year ago given for comparison:

City of Venice and Venice park district, \$46,884,269 (\$47,677,880); Venice school district, \$39,450,659 (\$40,198,944); city of Madison, \$21,386,252 (\$21,349,585); and Madison school district, \$33,628,562 (\$34,050,112).

The new total for the city of Madison includes \$20,749,022 in Venice township, (\$20,681,655), and \$69,230 in Nameoki township, (\$69,700). The Madison school district valuation consists of \$7,861,938 (\$7,910,457) in Venice township, \$5,766,627 (\$5,836,415) in Nameoki township, and none (\$378,470) in Granite City township.

The new county total of \$777,756,502 is less than the \$782,372,964 on which last year's rates were set but higher than the \$704,683,824 revised assessment for last year.

FOOD COSTS IN WORK TIME

The industrial worker in Italy labors almost 12 times as long as the American worker to earn a pound of coffee.

The French worker is on the job more than five times as long to provide a pound of beef steaks for the dinner table.

Bread, the most universal of foodstuffs, costs American and Canadian workers approximately five and one-half minutes of working time for one pound of enriched white bread. A pound of white bread in Austria costs 20 minutes in working time; in Belgium, seven minutes; in Denmark, nine minutes; in France, 12 minutes; in West Germany, 13 minutes; in Italy, 16 minutes; in the United Kingdom, six minutes.

A nine country food-cost study, work-time study conducted by the National Industrial Conference Board, a non-governmental research bureau, shows that industrial workers in the United States spent one hour's pay in 1958 to provide a meal for a family of four. The meal consisted of white bread, 7.5 oz.; beef steaks, 1 lb., 3.3 oz.; potatoes, 1 lb., 3.3 oz.; cabbage, 1 lb., 12.3 oz.; butter, 1.4 oz.; milk, 1 quart, and apples, 1 lb., 3.3 oz.

The individual savings countries were equal would the United States worker have the weakest purchasing power, instead he is able to overcome the price disadvantage because his earnings are very much higher than those of other workers," the report said.

Grade School Music Pupils Advance To State Contest

Thirty-seven Quad-City grade school music pupils have advanced to the state music contest at Belleville April 30 as a result of their first division ratings at the district contest held over the weekend at Troy.

Only the musicians who won in "A," "B" or "C" classifications at the district meet are eligible to advance to the state contest. Classifications are set up according to the difficulty of the song the young musicians use in competition. Spokesmen at both Central school and Madison junior high said they would send their winners in the top three classifications to Belleville. Venice has a policy of only sending high school winners on to the state music contest.

Local entrants in the district contest were from Venice grade school, Madison elementary school buildings and three divisions of the Granite City school system. Namecki, McKinley and Central. There were 91 first division ratings from the Quad-City area with 20 from Central and 17 from Madison in the top three classifications.

17 From Central
Seventeen solo winners from Central, under the direction of Miss Vivian Raffaele, placed in class "C." They were Sandra Hansen, Lynn Shepard, Karen Owens, Gloria Caban, Sharon Kunemann and Diane Humphrey, clarinet; Larry Dillard, tenor saxophone; Kenneth Willard and Neil Lampe, trombone; Sharon Strauser and Berne Yevin, cornet; Barbara Pyle, Diana Cox, Sandra Parker and Barbara Gray, flute and Beverly Dunningham and Marilyn Shepard, alto saxophone.

Central ensembles winners also in class "C" were Ann Meyer, Ellen Chapman, Lynn Shepard and Cheryl Jung, clarinet quartet; and Sandy Parker, Barbara Pyle and Barbara Gray, flute trio. Class "B" winner was a clarinet quartet composed of Gloria Caban, Diane Humphrey, Barbara Lacey and Kathy Danner.

Second and third place winners at Central were Karen Owens, DNita Boyer, Sandy Hansen and Evelyn Stein, clarinet quartet; Diana Cox, Jimmy LeGrand, Charlotte Mathis and

Pat Kavula, flute quartet; and Bill Winter, Eugene Bryant, Clark Neipert, John Stone, Jack Harding and Richard Blumenstock, brass sextet.

McKinley Winners
McKinley first division ratings were all in class "D" and "E." The group was directed by Frank Meyer. City Seeking Bids For Two Projects

Bids for two projects—removal of tracks along Washington avenue and installation of electric train signals at 27th street and Madison avenue—are being sought by the city of Granite City. The bid advertisements appear elsewhere in this issue.

The traffic light bids are to be opened at 4 p. m. on March 28, while the opening of the Washington avenue project bids is set for 4 p. m. April 4.

Old abandoned street car tracks are to be removed from 24th street to Jordan avenue, a distance of 600 feet, and the track area is to be repaved with concrete. The project is to be financed with motor fuel tax funds, and is estimated to cost \$30,000.

The traffic signal installation at 27th street and Madison avenue is to be financed with the city's parking meter funds. It is estimated to cost \$10,000. Plans for both projects may be obtained at the office of Comptroller John Bookner in the city hall.

Letters Out Today

Easter Seal Campaign 1960 Goal Is \$25,000

The Madison County Association for the Crippled Inc. has set a 1960 Easter Seal Campaign goal of \$25,000. Mrs. Howard Kaseberg, Rural Route One, Granite City chairman of the drive announced today.

Today, 35,000 appeal letters have been mailed out in an attempt to top last year's \$14,000 total when 6954 of 70,000 letters were answered. Twenty percent of the money received in the drive will be forwarded to the national society for research funds with the remaining 80% marked for local use.

The Madison county society presently operates treatment centers in Alton and Edwardsville which include part-time programs in occupational therapy, speech and hearing therapy, pre-school classes for handicapped children and a two-week summer day camp for handicapped children from 5 to 15 years of age. The organization also participates in student training programs dealing with handicapped children and maintains an equipment loan-pool of crutches, wheel chairs, walkers, etc.

According to Mrs. Kaseberg, 125 handicapped people in the county received aid from a list of 669 needing rehabilitation services. "The percentage of letters returns will determine how many of the 669 will ultimately be helped by the county program this year," Mrs. Kaseberg said. She estimated that a minimum operating budget of \$16,000 is needed to take care of the same number of people helped last year.

If this year's campaign is a success, the society hopes to be able to increase its professional staff and nursery school program, to facilitate a summer speech therapy program offering specialized therapy, to inaugurate parent education classes for those who have children in therapy and to house a center specifically designed for the special needs of rehabilitation. "It takes an awful lot of money from an awful lot of people just to help one small boy with braces on his legs, halting speech, and the memory of pain in his eyes," Mrs. Kaseberg said. "Twenty-two dollars will send him to camp for two weeks and \$140 will provide a year of therapy for him."

20,000 Expected To Attend Scout Fair Here In April

Over 20,000 persons are expected to attend the second annual scouting fair of the Cahokia Mound Boy Scout Council here Friday, April 8, and Saturday, April 9. Fair Chairman Milton Morris reported this week.

The event will be held at the Venice-Madison American Legion Home, the Venice Boy Scout Home and adjacent grounds in the 700 block of Broadway, scene of the initial fair last year. Boys from units of the council are scheduled to participate.

Over 2000 tickets already have been sold in the Quad-Cities. Ernest Veihl Jr., Uniwah district chairman, has announced. Troops and posts report brisk sales, but the snow and cold weather have somewhat impeded sales by younger cub scouts.

Top Salesmen
The top ten salesmen here have accounted for over 500 tickets sales. Top cub scout salesman at the initial report meeting was Robert Drogosz, a member of Nanticoke Kiwanis Club 96, with 70 sold.

Billy Robinson of First United Presbyterian Church Troop Eight led scouts with 130, getting a first forward recognition for his 1959 sales championship. Gerald Fredericks of Frohardt PTA Post 22 led Explorers at the initial meet with 40 sold.

Others listed with high sales totals were Fred Hoffman of Troop Eight, 55; Mike Polster of Troop Eight, 50; Terry Woodward of Central Christian Church Troop 93, 38; Charles Orr of Nanticoke PTA Post 46, 35; his brother, John Orr of Nanticoke Presbyterian Troop 61, 30; Dave Bourdon of Troop Eight, 30; and Jerry Line of Nanticoke PTA Post 46, 25 tickets.

Awards For Scouts
Over 75 golden jubilee neckerchief slides have been given for scouts selling their first ten tickets. Boys will earn flashlights for being the best salesman in their pack, troop or post, and the best salesman in the Uniwah or Quad-City district will receive a five-lane deluxe scout knife.

Awards also have been announced for the top three sales leaders in the Cahokia Mound Council. The leading cub will receive a \$10 merchandise certificate, the top scout will be granted a free week at Camp Sunnen and the best explorer salesman will be given a free week at the Sunnen explorer base.

First Assembly, 2nd Baptist Win, Tangle For Playoff Title Tonight

First Assembly of God, Church of the Nazarenes, and Second Baptist, league runners-up, will meet for the league playoff title tonight at 7 o'clock on the Coolidge gym floor.

First Assembly advanced to the league's final game with a 76-69 victory over St. Joseph Monday night at Coolidge, and Second Baptist followed up by defeating the Polish Eagles 53-46 on the same court.

First Assembly won its fourth consecutive loop title last week by topping the Baptists, who finished in second place last season but came on to win the playoff trophy at the close of the schedule. The teams have split a pair of games in playoff this year.

Second Baptist won its playoff semifinal at the free throw line. Outscored by four field goals, the winners made good on 23 free throws while the Eagles hit only eight.

The Eagles fell behind 7-15 after one quarter of play, and then rallied and held a 25-32 lead at halftime. The score was tied after three quarters at 36-36. Norm Grots and Dewey Melton each hit 12 points for the Baptists. John Basarich scored a like number for the Eagles, and Ed Modrinski had 11.

St. Joseph led briefly early in its game with First Assembly, but went only eight points and trailed at intermission 29-33. A third-quarter rally pulled St. Joseph within one point at 51-52, but the league champions finished strong with 26 points in the final period.

Jerry Wintzen and Earl White teamed up for 49 points between them for First Assembly. Wintzen rimmed 26 and White 23. Tony Castillo led St. Joseph with 21 markers and Jesse Ybarra added 17 more.

Tonight's contest will be the final in park district basketball leagues this season. Recreation Director Harold Brown said 138 games have been played, and

that the men's and boys' basketball programs attracted a total of 575 participants during the season.

\$9460 Sales Taxes To County For December

Net receipts to Madison county for December from the half-cent county sales tax inaugurated last October will be \$9460, according to a notice received by County Clerk Eulalia Hotz from the Illinois Department of Revenue this week.

The figure is lower than for the two preceding months. October receipts from the state collected half-cent county tax were \$10,150, and for November the figure was \$8945.

Gross collections of the tax in this county amounted to \$10,464, with six per cent being retained for administrative expense, leaving the \$9460 as the net amount to be remitted to the county. State Revenue Department Director Andrew Passera reported.

Collection of the half-cent county tax on retail sales was authorized by the Madison County Board of Supervisors in its September session. The county's total net receipts for the three-month period ending Dec. 31 amounted to \$29,383, with the sum being earmarked, as specified in the board resolution, for improvements at the county jail and eventual construction of a county juvenile detention home.

The detention home is receiving 60%, with 20% being set aside for the county jail and 20% for improvements to the county courthouse.

Conservation Course For Faculty Members

Madison county's 15 school districts, including Granite City, Madison and Venice, are to be invited to send representatives to a conservation education workshop this summer. The three-week course, offering college credit, is to be held in either June or August at the Madison County Farm Bureau building in Edwardsville.

Southern Illinois University will conduct the workshop in cooperation with the state superintendent's office and the Madison County Soil Conservation District. It is designed to qualify a representative of each school district as a faculty consultant on conservation education.

Rev. Martin Wachna On Way To Lublin

Rev. Martin H. Wachna, pastor for the past four years of the Sacred Heart of Jesus Polish National Catholic Church at 930 Reynolds street, Madison, left Wednesday to take over a new post in Lublin, Wis. A replacement has not been chosen.

Rev. Wachna will head five parishes in the Lublin area, including a home and four mission churches. For the present, the Madison church will be under the jurisdiction of the St. Louis church until a new pastor can be found.

Rev. Wachna has been active in civic work while in Madison and belonged to several organizations. He was a Madison auxiliary police member, aided 4-Yrth authorities in the police department, was chaplain for the southern division of the Illinois Police Association and taught foreign language for a short period in Madison junior high school. He was a member of Madison-Granite City Masonic Lodge 830, Scottish Rites of East St. Louis, and Sword of Bunker Hill. His address in Lublin will be post office box 4.

During his stay in Madison, the church expanded its sporting activities. The church has organized two bowling teams and a basketball squad which won first place in the Granite City park district Church League.

Trades Council Here Endorses Forand Bill

The Forand Bill has been endorsed by the Tri-Cities Trades & Labor Council, AFL-CIO. It was announced this week by Edwin Reiske, president.

A proclamation adopted by the council and signed by Reiske, states: "Whereas, the ever increasing cost of medical and hospital care is an increasing burden and more especially on the senior citizens of our country, and

"Whereas, these senior citizens are the persons who can least afford to be sick; because pensions and social security were not geared to care for serious or lengthy illness, and

"Whereas, today the most serious gap in our family security structure is the failure to provide payments for medical care for retired people and for families whose breadwinner has died.

"Now, therefore, be it resolved that the Tri-Cities Trades and Labor Council, AFL-CIO, endorse and encourages passage of the Forand Bill (HR. 4700) as a measure of filling this gap in family security."

183 Books Contributed To Library In Madison

The Madison public library is currently cataloging and filing a stack of 183 books donated by Mrs. Chester Watson, 1315 Pontoon road, from her private collection.

Mrs. Watson is preparing to move to a different address and decided not to attempt to move the books with her. While in good condition, the books have been read by the family, and it was decided that they might be of more value as part of the public library's list of volumes.

Most of the 183 books are fiction. The presentation has been made to Mrs. Betty Johnston, librarian, and Mrs. Blanche Beville, assistant librarian, who is Mrs. Watson's sister.

All six candidates for the two offices to be filled in the April 30 city court election in Granite City will be listed on the ballot. It was learned from City Clerk A. L. Stevens, who said Tuesday's withdrawal deadline passed without incident.

Stevens said he plans to confer with City Atty. William Beatty on the order in which candidates will be listed on the ballot. Filed for the offices are two tickets and two independent candidates seeking the court clerk post.

The incumbents, City Judge Fred P. Schuman and Clerk of the City Court Mrs. Helen Ho- man, are filed on the All-City Party ticket; while running on the Anti-Levee Board Party ticket are Horace L. Calvo for judge and Mrs. Harry (Marilyn) Ward Jr. for clerk.

The independent candidates are Marvin Tedder and Al Ward Jr., both seeking the clerk post. The two offices are to be filled for six-year terms.

Director of Internal Revenue Gives Hint

"Federal income taxpayers who are faced at tax time with large additional payments to satisfy their indebtedness to Uncle Sam have a way out in future years," District Director Jay G. Philpott of the Internal Revenue Service pointed out to- day.

Additional sums may be added to taxes withheld by the employ- er in cases of this kind, Philpott said.

"There are various ways of doing this," he added. "If a tax- payer finds himself owing an additional hundred dollars or more of tax at year's end, he should reduce his exemption or dependency claims by one. This will automatically increase his tax payments over the year by \$120 or more and may even re- sult in a small refund."

"Taxpayers who find them- selves owing lesser sums can, in most instances, arrange with their paymasters or disbursing offices to increase their with- holding two or three dollars per pay period or whatever approxi- mate sum may be required to even out the tax owed."

In any event, Philpott said, consulting the payroll office will probably enable the taxpayer to work out a withholding plan most suitable to his situation. The local IRS office at 1825

Committeeman Defends Justice Delegate List

"Political nonsense" was the comment this week of James W. "Bus" Grove, retiring Granite City precinct committeeman who delivered a list of Granite City delegates to a county Democrat- ic meeting on the state supreme court justice nomination. His remark referred to charges that the list certified at the county meeting last weekend was differ- ent from that approved at a local meeting the previous night.

"I have in my possession the list that was given by the com- mittee. No changes were made except for two who do not live in Granite City," Grove told the Press-Record. At a county meet- ing this week, Attorney George Moran gave heated criticism of the list that was presented and the procedure by which it was prepared, asserting that it did not reflect the sentiment of the group that met locally.

Community Concert To Open Membership Drive Monday

Preparing for the eighth season, volunteer workers and board members of the Tri-City Community Concert Association will launch a membership drive Monday evening during a banquet to be held at St. Peter Evangelical & Reformed Church starting at 6:30.

Dr. Harold M. Todoroff, president, said today the board has arranged for 145 workers to participate in an effort to increase the concert association's membership from the present 600.

For the campaign banquet, special decorations have been designed by Eugene Alassi, art director at Granite City high school, who said "spring and music" will be emphasized. Miss Martha Cowan is in charge of the "kiss-off" banquet arrangements and said over 100 persons are expected to attend.

Pleads Innocent To Weapons Charge

An East St. Louisian who was arrested here Jan. 22 in connection with a \$30 grocery store stickup in East St. Louis, pleaded innocent Monday at Belleville to a charge of carrying a concealed weapon—a pistol.

During a hearing on the charge, Mike Hamilton, 21, pleaded not guilty and was later freed on \$2500 property bond to return for trial March 28. He also is free on \$10,000 bond in St. Clair county on an armed robbery charge.

Another East St. Louisian, Earl Little, 24, who was taken into custody with Hamilton on Jan. 22, when Granite City police went to a tavern at 20th street and Park avenue, is still in the St. Clair county jail. Belleville after failing to post \$10,000 bond on the armed robbery count. Granite City police also want him on a concealed weapon charge on a state warrant filed by Chief of Detectives James R. Lowder.

Both men were armed with guns when taken into custody at the tavern. They surrendered without a struggle. Police believe they stole a car belonging to a Madison man off an industrial parking lot to use in the East St. Louis stickup and then returned the car to the lot. Their arrest took place within three hours after the East St. Louis holdup.

PUBLIC NOTICE

NOTICE OF PROPOSED CHANGE IN RATE

To Patrons of Illinois Power Company: Illinois Power Company hereby gives notice to the public that it has filed with the Illinois Commerce Commission a revision of its Gas Rate Schedule, which at some future time may result in an increase or decrease in the rates for its natural gas service in its respective service areas.

The proposed revision amends the Company's present "Adjusted" rates for cost of purchase of gas. It includes in the adjustment any change in the average unit cost to the Company of natural gas purchased from a pipeline company or companies resulting from additional supplies of natural gas purchased from existing or new pipeline suppliers. The only change in the revised rates with respect to pipeline refunds is that the Company shall have the right to seek approval of the Illinois Commerce Commission before making such refunds to (1) large firm industrial or commercial customers having an increased usage during the period to which the refund by Utility to customers is applicable; (2) large firm industrial or commercial customers who were not taking gas service from Utility during the period to which the refund by the pipeline company to Utility is applicable; or (3) interruptible, seasonal and other off-peak customers.

A copy of the proposed schedule may be inspected by any interested party at offices of the Company.

All parties interested in this proceeding may obtain information with respect thereto by direct from this company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.
